

Fresh entertainment ideas available Australia and Asia Wide.

entertainment

We entertain at many major corporate and national and sports events as well as festivals, weddings and celebrations.

Drum Shows

From a lone drummer to a huge percussion troupe, we create performances that will have guests completely entranced. Performances can be anything from a high-energy “blow your mind” statement to a background mellow groove while dinner is served. We can suit any theme.

The Interactive Drumming Performance

Get InRhythm at your next event and let the audience become the performers!

We have performance pieces that have ample space for interaction with any type and size of audience.

We can incorporate participation to whatever level desired...from simple rhythmic clapping to full involvement on drums, percussion and chanting!

A sure fire way to ignite your event and leave very long lasting impression!
